Protest convoy in Sarnia has caused closure of Westbound Highway 402 between Highway 40/Modeland Road and Front Street. All lanes closed. Highway 402 traffic is fed by Highway 401 at London, therefore, signs are posted on the 401 indicating that the Sarnia border is closed.

From the Bluewater Bridge border point: Westbound Highway 402 remains closed. As a result, access to the USA is closed. Canada bound traffic remains open. Eastbound 402 also remains open.

Earlier indication this would be from 2pm to 4pm along a stretch of Highway 402 in one lane, however the situation is evolving quickly and shows a blockade of the highway Westbound lanes. No update at this time.

**Our MTO office at 315 Raglan Street South, Renfrew, shared with Service Ontario, found a sign placed on the door saying, "We Takin' Over". Building manager was notified and the sign was removed.

Protests in Windsor and Sarnia ongoing, no issues reported.

Information received that approximately 400 vehicles arrived in Kenora and Dryden last evening starting at approximately 8pm. Actual numbers are difficult to confirm due to the flexibility of vehicles joining or drop out of the convoy at a certain point along the route. Also, while there is a main convoy, there may be smaller groups that could be part of the convoy in front or behind the main convoy which is reported of approximately an additional 400 vehicles. This is not confirmed.

Information that the main convoy took approximately 1 hour to cross the Manitoba border in length. It could be expected to increase as the convoy continues to move East.

The planned convoy route with dates and times are posted at this website: [BearHug - \(canada-unity.com\)](https://bearhug.ca/canada-unity.com)

The Convoy for Freedom has raised over \$5.3M through a GoFundMe page. Situation to date: Convoy for Freedom Protest Preparation

Actions to date: Operational preparation

Update: Windsor Ambassador Bridge

The convoy/protest has caused a blockade at the border, including pedestrians in the road. Lanes are currently blocked on Huron Church Road (highway 401 turns into Huron Church Road).

US Border reports a backlog of approximately 7 miles long. Information received that random passenger vehicles have been able to cross from Canada, however the majority of vehicles remain blocked approximately 3 kilometers long.

No indication of when the protest will end, information suggests it may last through the night into tomorrow.
